7.5"(19cm) Crown

Large Adult

23"(58cm) Circ.
9"(23cm) Long
8"(20cm) Crown

Crown

Refers to the crown circumference you increase to when using a top-down method.

Things to Consider

You may find slightly different measurements or names for the sizes in this chart elsewhere online. I've compiled the averages through my research. Always refer to the pattern you're using if its measurements differ from the chart.
